

Blue Economy 2.0

An Innovative Platform for Information and Networking

An innovative information and networking platform will be developed with the aim of empowering stakeholders in the field of the blue economy through fast and easy access to information, knowledge, and networking opportunities. The platform serves as a centralised and interactive hub connecting various stakeholders within the blue economy ecosystem.

The innovative online information and networking platform enables:

- Up-to-date information on available EU funding opportunities and calls for proposals
- An interactive stakeholder directory
- Virtual workshops and online advisory services
- Networking opportunities for the exchange of knowledge, experience, and potential partnerships

Key Benefits:

- Increased competitiveness of stakeholders in the blue economy sector
- Faster and easier access to funding
- Enhanced networking and strengthening of the local community
- Digital and blue transformation of the sector
